Gentlemen-

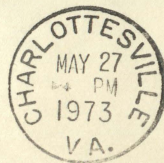

I have been a "Coin-Collector" for a number of years but never displayed any part of my collection for public viewing until Coin Week 1972 for which I received a Certificate from you, thru our local Club, of which I am President. During Coin Week 1973 I again displayed part of my collection and would like a Certificate for this showing if possible. I plan to use these certificates in future displays, as I do use the '72 Certificate.

I would also appreciate your sending me full particulars on becoming a member of ANA. As I stated I am President of the Monticello Coin Club and I recently applied for membership in the Virginia Numismatic Association Inc.

Thanks in advance for your time and consideration.

Walter A. Cinner -
